Dear Parents/Guardians,

Greetings from Don Bosco School, Ranchi!

Another successful academic year has gone by and it is time to start the new session with lot of enthusiasm and fervour.

In our dreams we all aspire for great things. Yet, most of us simply are not creating the results we want. Why not? What is holding us back? Fear keeps us away from taking action and if we don't act, we never get beyond where we are now. We have to look forward to the dreams. So, let us start right now today. Together we can all Dare to win. It is said that "A journey of a thousand miles begins with that single step."

There are certain things I would like to share with you for the smooth running of the new academic session. Don Bosco School aims to impart to all students sound education by forming habits of study, discipline, self-reliance and moral values during the years of their studies, so as to make them worthy citizens of the country. Don Bosco's system of education is based on conviction, prevention of false, paternal correction, loving kindness and the fear of God. Aiming at the total development of the students, the management and the teachers of all the classes have evaluated the students of each class during the past few days. Detailed discussions were held on various aspects of the growth of the students such as physical health, attendance, appearance, neatness, discipline, concentration in class, academic performance, participation in activities, parental follow up etc. We also referred to the reports, the remarks of the Unit Tests and the examinations and sincerely discerned what the best is for each student. The class teacher will communicate to you our opinions, concerns and suggestions. The printed remarks are a summary of lot of discussions. So, kindly accept the communication in the right spirit to promote your ward's growth. Being a collective decision after serious evaluation, the decision taken at those meetings will not be changed or reconsidered by the Principal alone.
